

HEBEI MIZZTECH MINERAL EQUIPMENT CO., LTD.

Company Profile

Our company

Mizztech is specialized in supplying replacement parts for slurry pumps, crushers used in mining and aggregating industry. Originally founded in 2008, Mizztech has grown into a leading supplier and service provider with clients all over the world. Located in Shijiazhuang, the core region of heavy industrial base of China, Mizztech covers a space of over 10 thousand square meters, equipped with professional laboratory, advanced machining equipment, assembly workshop and large warehouse.

Our people

Our team is comprised of professional technicians, skilled machine operators, experienced QC inspectors, efficient sales and after-sales staff. All Mizztech replacement parts have fully traceability with ISO9001:2015 certified quality system and are warranted by Mizztech. Mizztech is not only able to supply high performance parts to OEM specification and standards, but can also offer cost-effective savings.

Our Products

With over 10 years of experience in the mining and aggregating industry, Mizztech has greatly broadened its product line. Mizztech now can provide self-branded high manganese wear parts, machined spare parts, bronze parts and other standard or non-standard parts to suit customer's specific equipment requirements either jaw, cone, impactor or gyratory crushers.

Our clients

As a preferred supplier to several Fortune 500 companies, we have built a good reputation of reliability. Mizztech has established long-term strategic partnership with many large-scale international group end-users. So far we've served more than 20 countries around the world. We carry extensive inventory of wear and spare parts, which enables us to provide the shortest lead time.

MIZZTECH® -Your one-stop solution provider. Saving your operating cost just got easy!

Production capacity

Mizztech company has strong ability with casting, machining, welding, assembling, inspection, packaging and shipping. Mizztech implements ISO9001 QC system and ensures that every product reaches the highest standard.

Wear and Spare Parts

Mizztech carries extensive inventory of replacement parts, which are suitable for jaw, cone, impactor and gyratory crusher. The parts include frame, head, bowl, adjustment ring, main shaft, eccentric bushing, movable jaw, liner, mantle, concave, bronze bushing as well as a large quantity of standard parts, seals, motor, valve, pump, etc. The huge stock can not only satisfy the customer's needs of one-stop purchasing but also give our customer the shortest possible lead time.

Spare Parts for Gyratory Crusher

Mizztech could supply spare and wear parts for gyratory crusher of 4265, 5065, 5475, 6089 and 60110E series.

Spare Parts for Jaw Crusher

Mizztech replacement parts are suitable for Jaw crusher Series as follows:

C80, C96, C100, C106, C110, C116, C120, C125, C130, C140, C145, C150, C160, C200 ;

LT80, LT95, LT96, LT100, LT105, LT106, LT110, LT116, LT125, LT140, LT145, LT160 ;

CJ208, CJ209, CJ211, CJ408, CJ409, CJ411, CJ412, CJ612, CJ613, CJ615, CJ815 ;

JM907, JM1107, JM1108, JM1208, JM1211, JM1312, JM1511, JM1513 ;

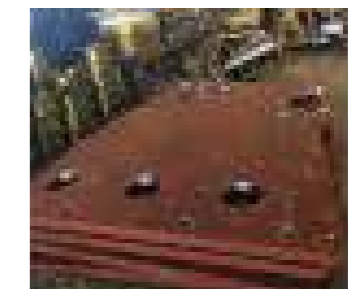

UJ310, UJ440, UJ540, UJ640 ;

CM1208, CM1211, CM1511 ;

J1160, J1170, J1408

Commonly Used Spare Parts for Jaw Crusher :

Shell, upper guard, lower guard, rod, assembly wedge, guide, movable jaw, toe support, adjustment wedge, conveyor, movable jaw, fixed jaw, bearing, clamp wedge, adjustment nut, eccentric shaft, hammer screw, clamp bushing, filling wedge, clamping nut, side plate, front frame, back frame, main shaft rolling bearing seal, flywheel, guard, , toggle plate, spring, counterweight, jaw bearing brace, flange, toggle plate bear, roller bearing, counterweight guard, bronze bushing, chuck and baffle.

Spare Parts for Cone Crusher

Mizztech replacement parts are suitable for cone crusher Series as follows:

HP200, HP300, HP400, HP500, HP800 ;
 HP3, HP4, HP5, HP6 ;
 MP800, MP100, MP1250 ;
 GP100, GP200, GP220, GP300, GP330, GP500, GP550 ;
 GP100S, GP200S, GP300S, GP500S ;
 GP11F, GP11M ;

CH420, CH430, CH440, CH660, CH870, CH880, CH890, CH895 ; H2800,
 H3800, H4800, H6800, H7800, H8800 ;
 CS420, CS430, CS440, CS660 ;
 S2000, S3000, S4000, S6000 ;

C1540, C1540RS, C1550 ;
 TC1000, TC1300, TC1500

Commonly Used Spare Parts for Cone Crusher:

locking bolt, main frame, clamping cylinder, feed plate, dust ring, liner, feed hopper, main frame guard, tramp release cylinder, gear, dust, arm cap, bowl, main frame base, release cylinder maintenance assembly, inner liner plate, dust fixed ring, arm liner, bowl, liner, rib guard, hydraulic pump, cone sleeve, air-filled type heat exchanger, main shaft bushing, head, main shaft, hydraulic adjustment drive, thrust bearing, piston rod, mainshaft wear plate, head liner, mainshaft bushing, gear and pinion, bearing support, piston wear plate, bottom shell bushing, head ball, counter shaft, gear support, hydraulic drive support, oil cylinder bushing, eccentric wear plate, socket, counter shaft support, bear box, conveyor, damping rubber pad, head nut, adjustment ring, countershaft bushing, gear box cover, motor conveyor, thrust plate, framework oil seal, counterweight, countershaft box, valve, energy accumulator, O/T/U/V seal, supporting ring, counterweight guard, eccentric guard, hydraulic, radiator, wear ring, retaining ring, filter core, filter element, liner, pressure switch, cooler, filing ring, oil flinger, eccentric bushing thrust bearing, respirator, cutting ring and stabilizer.

Commonly Used Spare Parts for cone Crusher :

Spare Parts for Vertical Shaft Impact Crusher

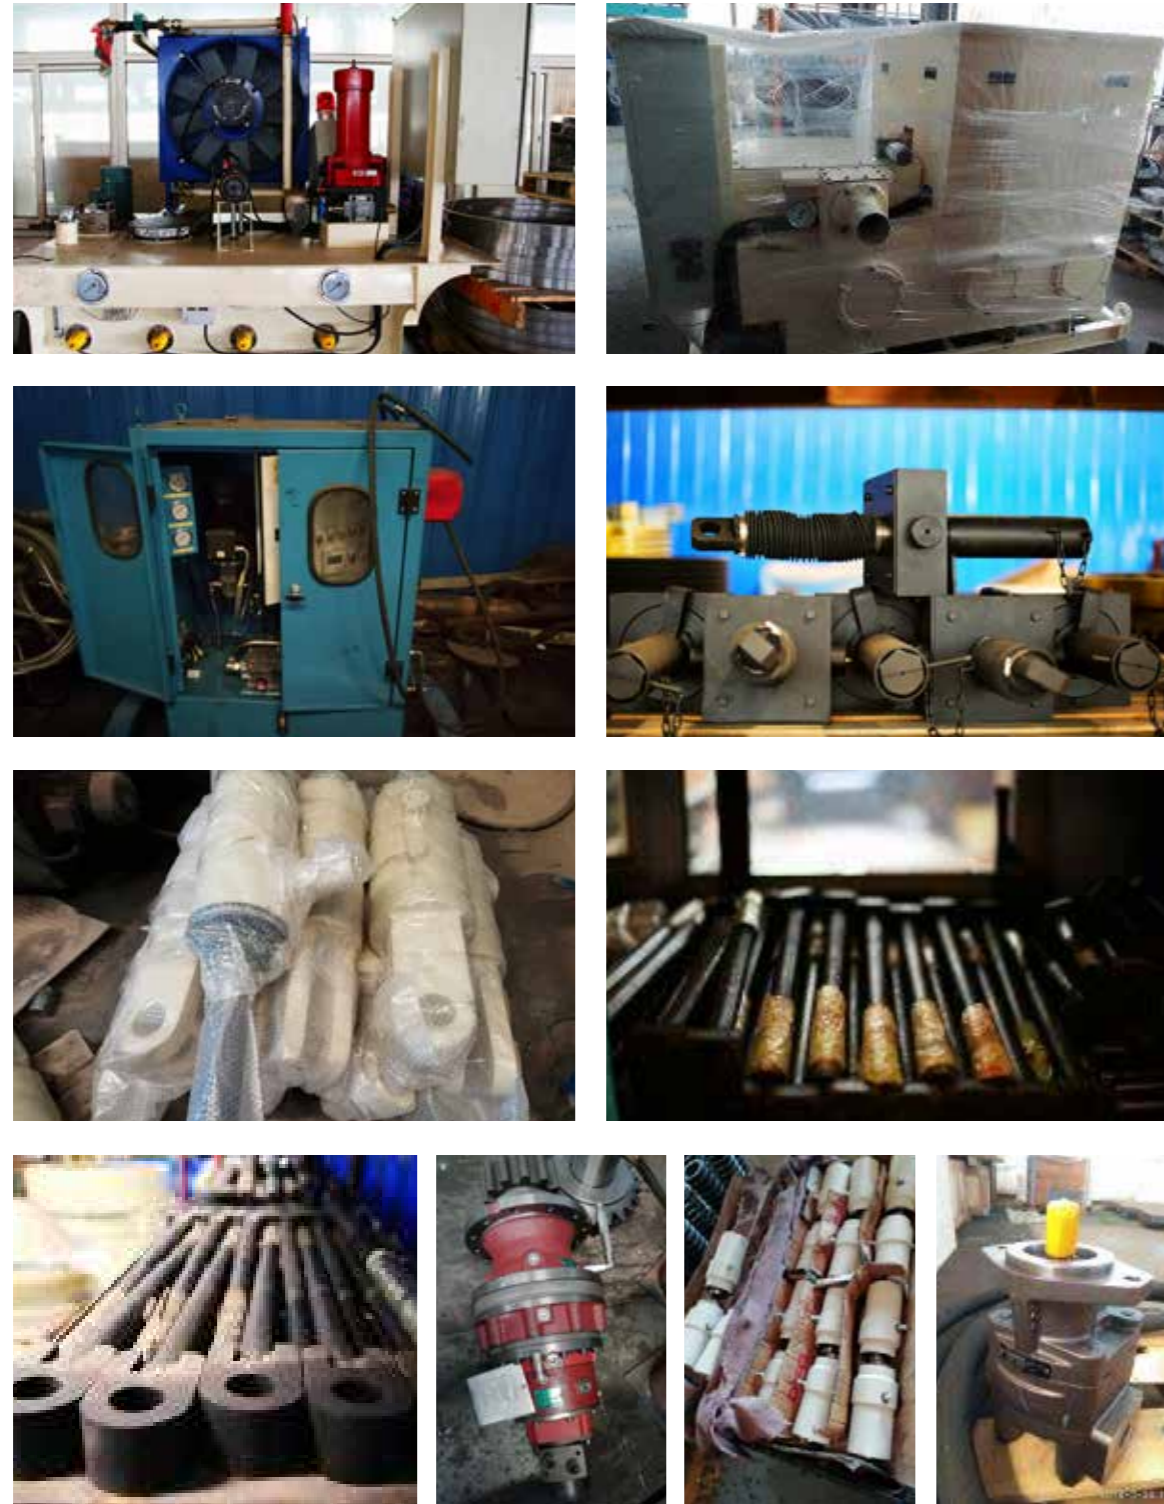

Mizztech replacement parts are suitable for VSI crusher series as follows :

B6150SE, B7150SE, B9100SE

Commonly Used Spare Parts :

Commonly-used Standard parts and Hydraulic Parts :

Maintenance and Refurbishment

Mizztech provides professional maintenance and refurbishment service for customers' crushers. With years of experiences of assembly and field service as well as sufficient stock, we could replace the worn or damaged parts for customers and restore the crushers to optimal working conditions.

Equipment Maintenance and Refurbishment

Frame Maintenance and Refurbishment for Cone Crusher

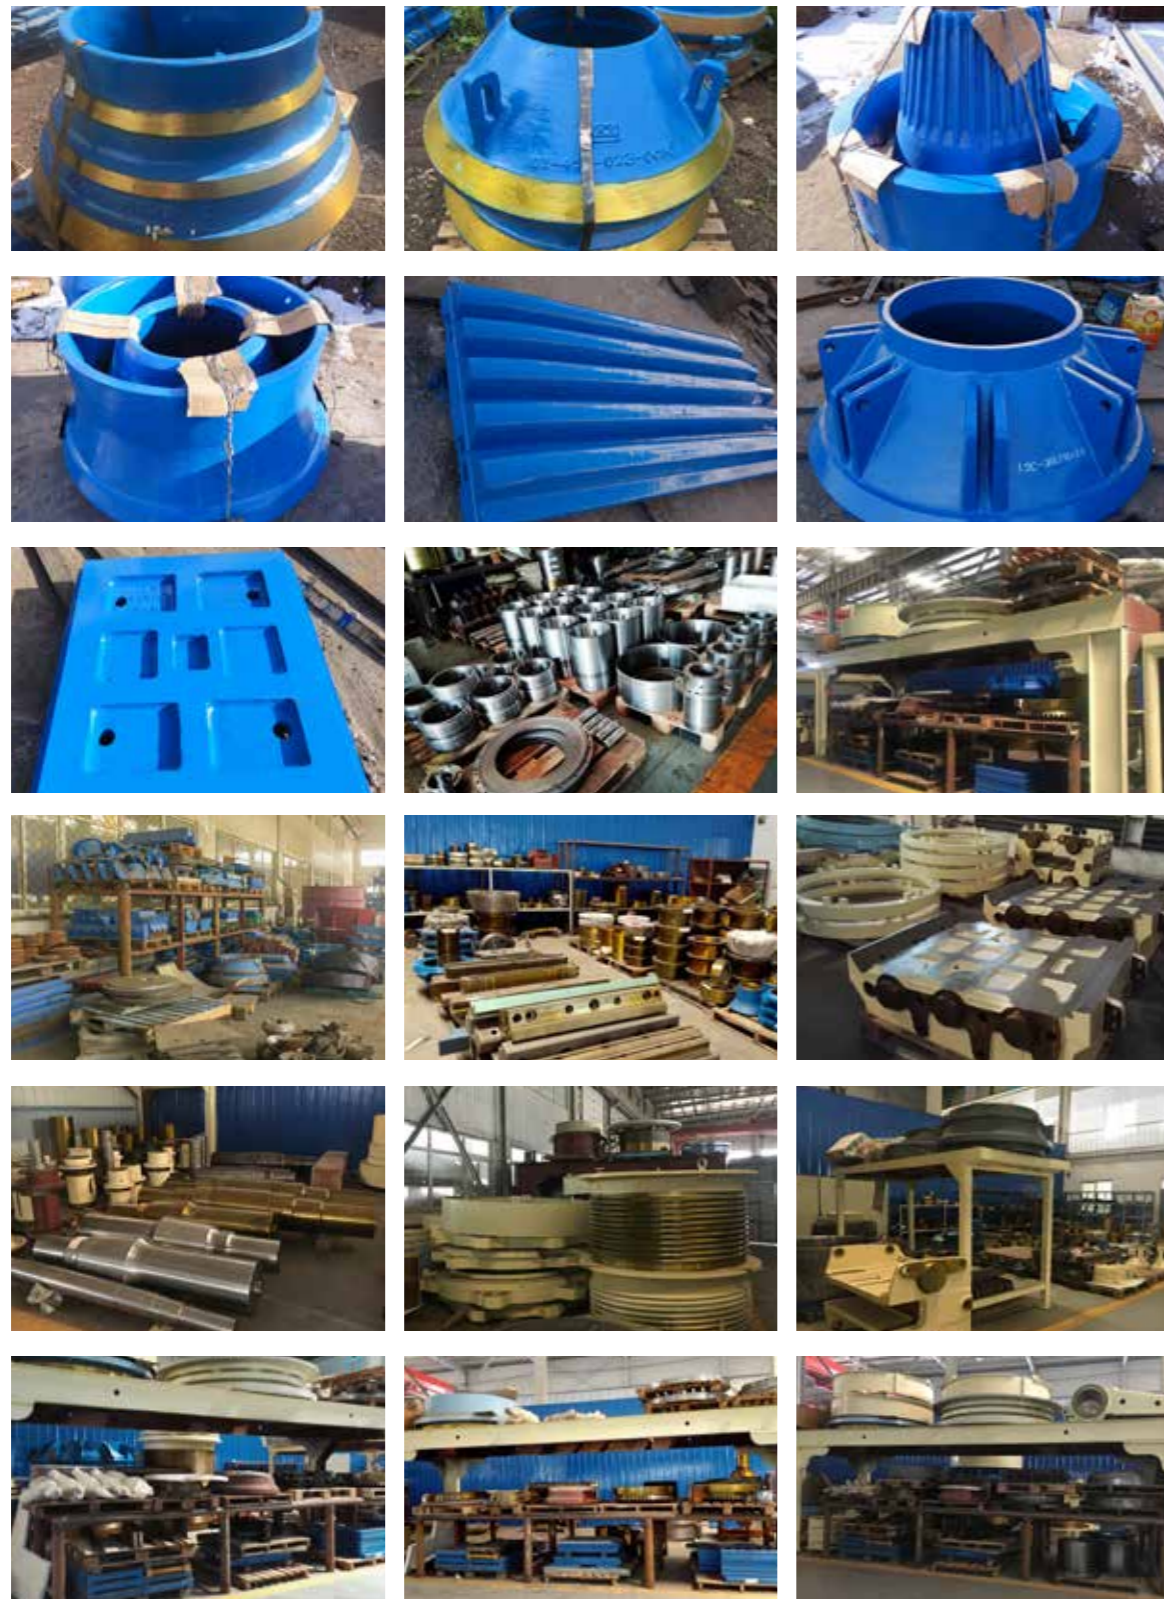

Head and Bowl Maintenance and Refurbishment for Cone Crusher

Movable Jaw Maintenance and Refurbishment

High Manganese Steel Parts and Inventory :

Performance

Mizztech has established long-term strategic partnership with many groups in mining and aggregating industry in the world. Mizztech® is now providing service for more than 20 countries and regions such as US, Russia, Australia, UK, France, Sweden etc.
